

GIZ Pakistan Female Internship Program (FIP)

As a federal enterprise, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH supports the German Government in achieving its objectives in the field of international cooperation for sustainable development.

GIZ is deeply committed to mainstreaming the 2030 Agenda in its business processes and procedures and in its advisory services for commissioning parties, clients and partner countries.

For GIZ as the German Government's implementing organisation and a company dedicated to sustainability, implementation of the 2030 Agenda is not a question of 'whether'. But precisely 'how' can we contribute to achievement of the targets in Germany and in the world?

The Government of Pakistan has also adopted Sustainable Development Goals (SDGs) as national development goals for the country in view of its commitment to the 2030 Agenda. Within this framework, one of the SDGs is to "achieve gender equality and empower all women and girls", which GIZ Pakistan would like to support by launching a Female Internship Program (FIP) to support the capacity development of qualified females and improve their ability to integrate into the job market.

In this regard, we strongly encourage all eligible females looking for internship opportunities in Islamabad, Lahore and Peshawar, and matching the following profile, to apply;

Qualifications and Experience:

- Recently completed (not more than 6 months) bachelor's degree or in the process of completion at least
- Limited or no comparable experience in related field
- Proof of relevant research/project work in the form of a concept note and/or report
- Good knowledge of English & Urdu language (written, spoken and understanding), whereas knowledge of Pashtu language will be an asset for opportunities in Khyber Pakhtunkhwa
- Excellent working knowledge of Information and Communication Technology (ICT) (related software, phone, fax, email and internet) and computer application (e.g. MS Office, Excel, PowerPoint)
